Discussion of Planning Issues

- Future Work Plan – discuss and establish priorities.

March:

1. Sunset Harbor Plan will be an ongoing process. March presentation will be an update on “next steps” and what Planning staff is studying to formalize future proposals.
2. Washington Avenue – update from Neighborhood Services and City Asset Manager on whether there are active associations, and if any City-owned properties are available in the corridor for leases to community-oriented organizations.
3. Brokerage Yacht Show, including financial benefits to the City if possible. This is a progress report in the regular agenda at 3:00 p.m.

April:

1. Growth Management depending on City Commission workshop – date TBD or **Maybe May**
2. Alton Road corridor – land development regulations such as height and setbacks when adjacent to historic districts. (**Maybe in May** depending on action by HPB to the expansion of the Flamingo Park historic district)
3. Traffic – update from Public Works on the Coastal Communities Transportation Study and proposals for immediate solutions for improving traffic.

May:

1. Growth Management depending on City Commission workshop – date TBD
2. Parking Impact Fee including incentives for other types of parking facilities such as robotic parking garages – perhaps as main use only.
3. Presentation and request for Board’s input and comments on regulations and review criteria for the review of structures >50,000 square feet in residential districts citywide, including “green buildings” certification. (**Maybe June**)
4. Ocean Terrace and area of Harding Avenue between 75th to 71st Streets. Review the area for possible solutions for improvements. Study the zoning classification. It may be that there are wrong perceptions when compared with Ocean Drive, which has the same MXE classification. (**Maybe June**)
5. Alton Road corridor – land development regulations such as height and setbacks when adjacent to historic districts. (Maybe in May depending on action by HPB to the expansion of the Flamingo Park historic district)

June:

Motion: Kuperman/Kaplan. Vote: 5-1 (Leff absent, Berman against). Approve subject to staff recommendations and the following additional conditions:

1. As proposed by the applicants, the design of the Sheridan Avenue entrance to the parking garage shall incorporate security gates, speed bumps and a triangle of visibility, which will help safeguard the general security, health and welfare of pedestrians on the sidewalk. The design and location of these security measures shall be submitted to staff for review and approval.
2. The sidewalk along Pine Tree Drive shall be extended into the landscape island between the two driveways in order to create a transition between the two garage entrances.
3. The depth of the eyebrows along all the facades of the structure shall be reduced in a manner to be approved by staff, in order to minimize the perception of structural massing.
4. The landscape buffer shall be expanded and increased, with a special emphasis on the north side of 42nd Street.
5. Should the current bank operator change, the applicant shall come back to the Planning Board for evaluation of the nature of the new operation and determine if any new conditions shall be considered because of such new impacts.
6. All stacking of vehicles destined for the bank's drive-through windows shall be internal to the garage. No stacking of vehicles shall be permitted on public rights-of-way.
7. The applicant shall continue to address the concerns of the City's Transportation Division and Consultants relative to the traffic analysis, especially a revised traffic study that indicates the impact of traffic after the 63rd Street Bridge construction is finalized, and the u-turn movement to access the bank's drive-through tellers.
8. The applicant shall submit an MOT (Method of Transportation) to staff for review and approval prior to the issuance of a building permit. The MOT shall address any traffic flow disruption due to construction activity on the site.
9. As recommended in the traffic impact study, the following measures, which would improve traffic conditions within the study area shall be followed, subject to the review and approval of the City's Public Works Department and any other county or state agency that may have jurisdiction:
 - Re-stripe the northbound left-turn lane at the Pine Tree Drive/42nd Street intersection in order to increase the capacity from about 25 feet to 50 feet.
 - Install a "DO NOT BLOCK INTERSECTION" sign on the eastbound approach of the 41st Street/ Sheridan Avenue. This regulatory sign should ensure that this

intersection remains clear of stopped vehicles and allow easier flow of traffic on Sheridan Avenue.
